

Feel like my life been in the shadows
Lately it's so hard feels like I'm fighting all these battles
Scars all on my face for all the times I bit the apple
Gotta watch for snakes they try to lure you with their rattles
Feel like my life been in the shadows
Lately it's so hard feels like I'm fighting all these battles
Scars all on my face for all the times I bit the apple
Gotta watch for snakes they try to lure u with their rattles

All these shadows beat me black and blue
Black and blue
Feeling like there's nothing I can do
I can do
Living life like it's been nothing new
Nothing new
I got a lot of problems
But don't know how to solve em
I've been trapped in my head
All these shadows they all want me dead
And these monsters underneath my bed
God save me don't think I can

Feel like my life been in the shadows
Lately it's so hard feels like I'm fighting all these battles
Scars all on my face for all the times I bit the apple
Gotta watch for snakes they try to lure you with their rattles
Feel like my life been in the shadows
Lately it's so hard feels like I'm fighting all these battles
Scars all on my face for all the times I bit the apple
Gotta watch for snakes they try to lure you with their rattles

Pray I don't ever lose it
And there's times it's so confusing
Sometimes I look up to the sky and wonder what you doing?
Toxic people all around I'm busy tryna block pollution
I looked the devil in his eyes and asked him who you fooling?
Cause you ain't really fooling me
Know he come to kill but I know what's real
It ain't nothing new to me
I ain't pop no pill just so I could feel
I'm sticking true to me
And I'm talking truthfully
Tryna reach the whole world so no coal burn on my family tree

Feel like my life been in the shadows
Lately it's so hard feels like I'm fighting all these battles
Scars all on my face for all the times I bit the apple
Gotta watch for snakes they try to lure you with their rattles
Feel like my life been in the shadows
Lately it's so hard feels like I'm fighting all these battles
Scars all on my face for all the times I bit the apple
Gotta watch for snakes they try to lure you with their rattles
Up in these shadows
