

where do i ?

Gio

Where do I go when these doors start closing?
Can't find a road, I don't know where I'm going
I'm just tryna find home, but these days feel hopeless
Fear filled with foes, tell me, where do I go? Tell me, where do I

Go, go, go, go, go, go, go, go, go, go
Go, go, go, go, go, go, go, go, go, go
Go, go, go, go, go, go, go, go, go, go
Go, go, go, go, go, go, go, go, go, go?

I've been searching these places in attempts to find love
There ain't really no tellin' where to my mind runs
Devil on my left, lookin' at my right tryna make my mind up
Gotta make the most up out my life before the time's up, yeah
I don't know if it's here I stay, 'cause I been right here this place before
Shut my eyes when I start to pray, hard to settle less when I'm wanting more
Put a mask up, hide my face 'cause I left the real one in the drawer
Matter fact, my soul is sore

So where do I go when these doors start closing?
Can't find a road, I don't know where I'm going
I'm just tryna find home, but these days feel hopeless
Fear filled with foes, tell me, where do I go? Tell me, where do I

Go, go, go, go, go, go, go, go, go, go
Go, go, go, go, go, go, go, go, go, go (Tell me, where do I)
Go, go, go, go, go, go, go, go, go, go
Go, go, go, go, go, go, go, go, go, go?

They said, "Boy, just do less," we run around where it's ruthless
Opps try to gun me down, I don't hear no sound, got a big bulletproof vest
I got chains that hold me down I don't really know what to do with
Sit and pray the lost be found, that's why I'm making this music

So where do I go when these doors start closing?
Can't find a road, I don't know where I'm going
I'm just tryna find home, but these days feel hopeless
Fear filled with foes, tell me, where do I go? Tell me, where do I...

Heard a voice from God, said go, know it's up when the Spirit touch down
Praying, "God, please save my soul," sent His word and it gave me the rundown
n
Red blood turned a heart to Gold, Father, let your glory come now
'Cause I know one thing for sure, I'ma praise Your name 'til the sun down
Heard a voice from God, said go, know it's up when the Spirit touch down

You're where I go when these doors start closing
I found a road, now I know where I'm going
This feels like home, no more days felt hopeless
Gave me a rose, now I know where to go, now I know where to...
