

Save The World

Giorgia

I am life I am your birth
I am god's gift to man on earth
I smile in lace and pearls
I sacrifice I save the world
quanto ci vorr? per capire che
una donna ha l'universo in s?
nel suo seno c'? l'immortalit?
non ? possesso
ma ? la sua femminilit?
I am the reason
you're living and breathing
let my body comfort you whenever you need it
I am a woman I feel your desire
turn around and multiply it
taking you higher
bearing your children I fight your oppression
as I tend to all your needs
you block my expression
still I console you I can not be broken
as I lift the world
I hear your reverence unspoken
when I go to work I am underpaid
you're telling me my worth is not the same
and you know what's worse
I underestimate the value of my life
on your domain
isn't it so strange that all through history
women of the world fight inequality
the very one who gives
the very life you live
becomes the fugitive what irony
non lo trovi strano che in tutta
la storia del mondo le donne
abbiano sempre combattuto
per la vita la gioia la creazione
in questo mondo che ? spesso
per loro solo una prigionia
I am life I am your birth
I am god's gift to man on earth
I smile in lace and pearls
I sacrifice I save the world
