I don't get it... what kind of flow is this?
For real it's like he doesn't care about the bpm
You right stupid I don't
All my big bros already used up all the good flows
Man who knows whose nose glows rose nondisclothes

Still my shit is so damn raw
Your shit so uncooked like what

Boy that's all your fault
Let's go read a book
This verse way too long
But my money longer
Hongsam makes you stronger
Hongsiyeong my father

I got two words: 14P
Shouts goes out to my main gyeongbi ajeossi
No cap he scope that like "eodiseo sannni?"
Sorry ajeossi

You need a four digit IQ that's just how damn special
This that very rare
This that next next level
VVS the diamonds flooded rocks on bezel
I just enhanced your mental

I done drank 2 litres of milkis now I don't know how to act
But my double v y b h brothers hold it down no cap
They like "yo man, slow down really wouldn't wanna drink all that"
I'm like damn boys you right yeah I better not do that
