### Girl in a Coma

You sing so strange now I scream, Well leave me alone.  
You don't know what to  
say now I scream, Well leave me alone.  
You don't know what you do now I  
scream, Well leave me alone.  
You don't know what you do now.

Oh you little  
man. Oh doing all you can. You little man, you'll find your way  
at the end of  
the day.

I know everyone has a dark little corner to go everyone has a d  
ark  
little corner.  
I know I know.

Oh you little man. Oh doing all you can.  
You little man, you'll find your way at the end of the day.

Oh you little  
man. Oh doing all you can. You little man, you'll find your way  
at the end of  
the day
