

I'll Ask Him

Girl in a Coma

But what they really wanna know
Is are you gonna stay?
You've seen so many girls
I was passing through your way

Well you're a guy and I'm a doll
Huckster lad
Will you keep me in your mind?
I can hear me in your sigh

But lover I recall faint melodies
Of when you turned your back
And I had to scream
We were falling in love

Oh oh oh
Oh no
Oh no
We were falling in love
Oh oh oh
Oh no
Oh no

But what I really wanna say
Is that I dreamt as if I lived such a complex day
But then I lived and died today

But lover I recall faint histories
Of when I dropped my back
And you had to scream
We were falling it love

Oh oh oh
Oh no
Oh no
We were falling in love
Oh oh oh
Oh no
Oh no

One, two, one, two, three
I'm in love
Ohhhh love
Ohhhh love
Ohhhh I'm in love
Ohhhh love
Ohhhh ohhhhhh

I said to him
"What do you do when everything you heard was true?"
I said to him
"What do you do when everything you heard was true?"

True (7x)

Daddy am I a nice girl
For making him cry?

Daddy am I a nice girl
For making him cry?

In love
Oh no oh no
We were falling in love
Oh no oh no
