

are u happy with her

girl in red

Are you happy with her
Are you happy with her
Tell me I did everything I could do
Make me feel less like a fool

Are you happy with her
Are you happy with her
Tell me it could never be us two
That it was the right thing to do

Now are you happy with her
Are you happy with her
Did I lose my chance when I went away
Leaving everything was a mistake

Now are you happy with her
Now are you happy with her
Tell me I did everything I could do
Make me feel less like a fool

Now are you happy with her
Are you happy with her
Tell me it could never be us two
That it was the right thing to do

Now are you happy with her
Are you happy with her
Tell me I did everything I could do
Make me feel less like a fool
