

2am

Girlfriends

Alrighty then

Here comes the sun  
This bottle's done  
We haven't slept in four days  
Nobody's close  
We do the most  
I want you bad, but that's always  
You're on my tongue  
I need someone  
I'm always there when you're callin'  
Won't leave me now  
I don't know how  
Won't listen, catch me, I'm fallin'

Just breathe  
While you're lying next to me  
I feel safe from everyone  
Stuck in the middle  
I just need a little  
A little bit more of you  
I feel safe from everyone  
I feel safe from everyone

The night is young  
Smokin' our lungs  
Let's play pretend forever  
Here in this room  
Most would assume  
God, we're a mess, but whatever  
You love this mess  
I love your lips  
So kiss me now 'cause I'm waiting  
It's 2 AM  
Let's go again  
With you, I'm not hesitating

Just breathe  
While you're lying next to me  
I feel safe from everyone  
Stuck in the middle  
I just need a little  
A little bit more of you  
I feel safe from everyone  
I feel safe from everyone

I'll never lie to you if you don't ever lie to me  
I'll never fall asleep unless you're lying next to me  
I'll never feel alone as long as I'm alone with you  
I'll never fall again as long as I'm in love with you

Here comes the sun  
Here comes the sun  
This bottle's done  
I don't wanna sleep now  
(Oh, I fucked up)

Just breathe  
While you're lying next to me  
I feel safe from everyone  
Stuck in the middle  
I just need a little  
A little bit more of you  
I feel safe from everyone  
I feel safe from everyone, everyone
