

# Eyes Wide Shut

## Girlfriends

Sunday's best or lingerie  
Your eyes were warm, that's how they stayed  
Tongue-tied and that's all we said  
Alone in my bed (Alone in my bed)  
Afternoons at home with you  
The sun was down and I was too  
Saying things I thought were true  
But now I have my eyes wide shut

In the middle of a daydream  
Haven't seen much of you lately  
I'm coming down (I'm coming down)  
And you're not around right now  
It's been feeling like a nightmare  
When I wake up and you're not there  
Like you were back then (You were back then)  
I try to pretend you're here

It's been a year, the days flew by  
I see you on TV sometimes  
Take me back to the good old days  
'Cause everything changed (Everything changed)  
Try to fall asleep again  
Reminded of our innocence  
We never were that innocent  
That's what I liked best, eyes wide shut

In the middle of a daydream  
Haven't seen much of you lately  
I'm coming down (I'm coming down)  
And you're not around right now  
It's been feeling like a nightmare  
When I wake up and you're not there  
Like you were back then (You were back then)  
I try to pretend you're here

Safe to say you're different now  
You did some things I heard about  
I tried my best to laugh it off  
I wish that it helped, eyes wide shut

In the middle of a daydream  
Haven't seen much of you lately  
I'm coming down (I'm coming down)  
And you're not around right now  
It's been feeling like a nightmare  
When I wake up and you're not there  
Like you were back then (You were back then)  
I try to pretend you're here
