

LANDSLIDE

Girlfriends

Life comes at you like a landslide
Knocks you up and down till you're on the ground with your hands tied
Behind your back and you can't get out
The good news is I'm bruised but I'm breathing
And I'm here for a damn good reason
It's alright
When life comes at you like a landslide

Woke up to a sky painted gray
When it starts to rain, yeah, it's hard to catch a break
Wonder when my luck's gonna change
'Cause I've been off track on a one-way train

I've been holding my breath, feel the weight on my chest
Never knowing what's next, nah, nah, nah
'Cause I've been doing my best, fuck what everyone says

When life comes at you like a landslide
Knocks you up and down till you're on the ground with your hands tied
Behind your back and you can't get out
The good news is I'm bruised but I'm breathing
And I'm here for a damn good reason
It's alright
When life comes at you like a landslide

Oh-oh
When life comes at you like a landslide
Oh-oh
When life comes at you like a landslide

Everybody put your hands up
I've been trying, but I just can't get it right
Can I blame it on my bad luck?
Or is it just the story of my life?

I've been holding my breath, feel the weight on my chest
Never knowing what's next, nah, nah, nah
'Cause I've been doing my best, fuck what everyone says

Life comes at you like a landslide
Knocks you up and down till you're on the ground with your hands tied
Behind your back and you can't get out
The good news is I'm bruised but I'm breathing
And I'm here for a damn good reason
It's alright
When life comes at you like a landslide

Oh-oh
When life comes at you like a landslide
Oh-oh
When life comes at you like a landslide

When life comes at you like a landslide
When life comes at you like a landslide
