

# Scared

## Girlfriends

Scared of things I can't see  
I'm tripping over shit  
Ripped jeans and nose bleeds  
There's voices in my head  
I'm neck deep in concrete  
I wish I could forget  
Anxiety has got me stressing myself out to death  
Cigarettes and xanax nothing seems to help  
Out of breath in cold sweats from all the chemicals  
You left and I kept fucking up myself  
You left and I kept fucking up myself

Voices in my head tell me that I'm better off dead  
Please help me something needs to change desperately  
What am I so scared of?  
Voices in my head tell me I'm right about the wrong things  
I need 911 it's an emergency  
What am I so scared of?

What am I so scared of?  
What am I so scared of?

Scared of time passing by  
I got a lot to lose  
Heavy sighs and closed eyes  
Alone inside this room  
Bedtimes at sunrise  
Can't sleep because of you  
Traumatized by white lies  
And all of them came true  
Heartbreak a stomachache  
My hands are going numb  
Can't shake this heavy weight  
That's holding down my tongue  
Fast pace at this rate  
I won't last very long  
Too late it's too late  
Where'd it all go wrong?

Voices in my head tell me that I'm better off dead  
Please help me something needs to change desperately  
What am I so scared of?  
Voices in my head tell me I'm right about the wrong things  
I need 911 it's an emergency  
What am I so scared of?
