

Toaster For A Swim

Girlfriends

Blah, blah, blah, blah

I think tonight, I might just take my toaster for a swim
Do I ever cross your mind any time when you're with him?
Do you even care at all about how many hearts you break?
I care way too much and honestly, it's my biggest mistake

You probably think that every song is about you, but it's not
Yeah, I'm guilty of it too, but it's the last one that I got
'Cause every boy in a band knows a girl like Penny Lane
They're the same, the same, they never change

I will let you destroy me if you wanted to
Do whatever you wanted to
And I will let you break me down until there's nothing left
I'll take what I can get
There's nothing worse than feeling nothing at all
I think I might just kinda like the way you hurt me
'Cause I will let you destroy me if you wanted to
Do whatever you wanted to

I think last night, I might have bit off more than I can chew
Wasted time, lost my mind on obsessing over you
Do you ever wonder what we could have had if you just stayed?
I still want you here and honestly, it's my biggest mistake

I will let you destroy me if you wanted to
Do whatever you wanted to
And I will let you break me down until there's nothing left
I'll take what I can get
There's nothing worse than feeling nothing at all
I think I might just kinda like the way you hurt me
'Cause I will let you destroy me if you wanted to
Do whatever you wanted to

You probably think that every song is about you, but it's not
Yeah, I'm guilty of it too, but it's the last one that I got
'Cause every boy in a band knows a girl like Penny Lane
They're the same, the same, they never change

I will let you destroy me if you wanted to
Do whatever you wanted to
And I will let you break me down until there's nothing left
I'll take what I can get
There's nothing worse than feeling nothing at all
I think I might just kinda like the way you hurt me
'Cause I will let you destroy me if you wanted to
Do whatever you wanted to
