

Be With Me

GIRLI

I think I just met my future wife
Super cute, I swear she's just my type
So I'm gonna take her out
Somewhere nice
Wear the shirt that she likes
Get some wine, overpriced
Just me and I

Why would I wanna be with anybody else I'm just getting to know myself
When I look in the mirror all I wanna see is somebody who really fucks with herself
Wherever I go that's me there
I want myself everywhere

So, no strings, no stress, no jealousy
No heartache and no fantasy
I just wanna be
I just wanna be
I just wanna be with me

No lovers turned to enemies
No bad blood, only good chemistry
I just wanna be
I just wanna be
I just wanna be with me

Don't be mad, I might just not reply
Hit you up but then I'll change my mind
'Cause I wanna be
On my own
Not scrolling down
On my phone
Call myself
You alone?
Yeah, I'm alone

Why would I wanna be with anybody else I'm just getting to know myself
When I look in the mirror all I wanna see is somebody who really fucks with herself
Wherever I go that's me there
I want myself everywhere

No strings, no stress, no jealousy
No heartache and no fantasy
I just wanna be
I just wanna be
I just wanna be with me

No lovers turned to enemies
No bad blood, only good chemistry
I just wanna be
I just wanna be
I just wanna be with me
