

# The Promise

Girls Aloud

1, 2, 3, 4

Everything he does, better than anything ordinary  
Everything he wants he gets  
Cause everything he gets is kinda necessary  
I believe in love  
Tell me can anything last forever  
Life can live up to love  
Got a hand on my heart gonna stay in heaven

(2x):

You're gonna make me, make me love you  
Nothing at all, nothing that I do  
Promise I made, promise I made  
Started to fade, started to fade, Babe

Maybe next time I will take the right on by  
I wanna feel you near

Cause I can't play this like, I'm in too well  
My letter stamp is down, and I gotta fear  
Oh baby right here

Giving up to looking into windows,  
Yeah I've enough of wishing I've found you  
Baby don't you know  
I've had as much as I can take of falling, yeah  
Got a lot to learn about riding through

(2x):

You're gonna make me, make me love you  
Nothing at all, nothing that I do  
Promise I made, promise I made  
Started to fade, started to fade, Babe

Here I am, walking primrose  
Wondering when I'm gonna see you again  
So here I am, walking primrose  
Wondering when I'm gonna see you again

I got my hands all ready to touch your soul  
I'm gonna get the energy to wind me close to you  
Got my eyes on the prize  
Are you watching me baby?

Cause my heart is turning to solid gold  
And my head is saying honey too good to be true  
Oh one look into your glitter eyes  
How else telling me everytime

(2x):

You're gonna make me, make me love you  
Nothing at all, nothing that I do  
Promise I made, promise I made  
Started to fade, started to fade, Babe

Maybe it's not that hard to know you

Maybe we'll make it up and go  
Maybe we'll work things out  
Cause there's only one way up and one way down I know

If you wanna convince me start again  
If you wanna be with me in my arms

(2x):

You're gonna make me, make me love you  
Nothing at all, nothing that I do  
Promise I made, promise I made  
Started to fade, started to fade, Babe
