□□□□□□□□

That's right, come on
Did you call for me?
That sos you started to say is really serious, huh?
Look, you really just have to be honest here
If there's anything you want to wish for
I'm a genie who fell in love with you

Instead of glossing over it
I'd rather you say it selfishly, okay?
If you don't say it, I won't know
Words surprisingly have
A hidden magical power
What is your honest dream

Okay, the world, as you please
If we're together, we can do whatever we wish
And I'll even forecast the future
I'll grant it for you

I'm right here
I'm genie for you boy
If you come too
I'm genie for your wish
If you start to like me
I'm genie for your dream
If you start to like me more
I'm genie for your world

Are you ready?
It's boring, right? the same thing every day
If you're going forward, give a flashy
Strong go sign, you're a
Superstar, shining star, superstar

Match the same speed so that
We can jump aboard destiny
Drive in any direction you like
Surprisingly, the world
Can become simple
It's a secret, I'm just your biggest fan

Okay, the world, as you please
If we're together, we can do whatever we wish
And I'll even forecast the future
I'll grant it for you

I'm right here
I'm genie for you boy
If you come too
I'm genie for your wish
You'll start to like me
I'm genie for your dream
If you start to like me more
I'm genie for your world
It's becoming an addiction

Hey, tell me what you need
Tell me what you hope

Dj, put it back on

Just like a globe spinning around

Even miracles have a process
If you want romance
I'll grant it for you

I feel something

(If you only wish)
Music that burns within my chest
(Yes, I want to be free)
Automatic from the start
(If you only wish)
You're the only one that's magic
(I don't want to be apart anymore)
Make it come true

I'm right here
I'm genie for you boy
If you come too
I'm genie for your wish
If you start to like me
I'm genie for your dream
If you start to like me more
I'm genie for your world
It will definitely come true
I'm genie for you boy
If you start to like me
I'm genie for your wish

It's becoming an addiction
