Whoa whoa yeah, whoo ooh

I'm still at the same place  
By your side as usual  
I'm weary from wandering  
As I wander in circles

Days have passed  
And I find myself at this place

You know, you know that my heart is aching  
Watching you smile makes my heart ache more

It's my mistake  
For not making you love me more  
It's my mistake  
For loving you more than you love me  
I did not make you love me more  
As much as I do  
It's my mistake

How much longer  
Do I have to cry  
As I trust in that promise  
You lied to me to wait for you  
Even my greed for your love  
Has grown weary

You know, you know that my heart is aching  
How can you play dumb and smile like that?

It's my mistake  
For not making you love me more  
It's my mistake  
For loving you more than you love me  
I did not make you love me more  
As much as I do  
It's my mistake

I knew I couldn't have you  
But my love for you just kept growing  
Waiting by myself  
Regretting by myself  
Even loving you was a mistake

Even though my heart was aching  
It's my mistake for not letting you go  
(I'm such a fool)  
Even though I knew I would get hurt  
It's my mistake for not letting it go  
Even though it's all my fault  
(Even though it's all my fault)  
It's okay as long as you're there  
Always

Please forgive me for being like this  
Me who loved you
