

# Ten Million Dollars

Girls Under Glass

When your dreams go - I will hypnotize you!  
When your dreams end - I will hypnotize you!  
Yeah, sometimes when I feel this way, I know, I can't longer stay  
When your dreams go - I will hypnotize you

Well, money power crime and law  
Money is only good for war  
Sometimes when I feel this way I know I can longer stay  
With 10 million dollars I can buy your heart  
With 10 million dollars we can tear us apart  
Apart!

Money, power, crime and law  
Money is only good for war  
With 10 million dollars I can buy your heart  
With 10 million dollars we can tear us apart  
Apart!

I am the head of crime  
I am the head of law  
I am the head  
I am the head  
Money is only good for war!

When your dreams go - I will hypnotize you  
When your dreams go - I can hypnotize you  
With 10 million dollars I can buy your heart

I am the head of crime  
I am the head of law  
I am the head, I am the head  
Money is only good for war!
