

Can't Keep a Good Girl Down

Girlschool

Lean clean mean
My pleasure machine
My jaguar
C'mon let's make it obscene
I need some bad behavior
Skin touching skin
Looks like I'm lost in love
And trouble again

So c'mon
Get ready

Are you ready for love
'Cos you can't keep a good girl down
Are you ready for love
'Cos you can't keep a good girl down
Keep a good girl down

Engines roar
Hear them growl
Big black panthers
Out on the prowl
So c'mon now to my back seat of leather
We're gonna make it
Shake it up together

So c'mon
Get ready

Are you ready for love
'Cos you can't keep a good girl down
Are you ready for love
'Cos you can't keep a good girl down
Keep a good girl down

So c'mon
To my back seat of leather
So c'mon
Get ready

Are you ready for love
'Cos you can't keep a good girl down
Are you ready for love
'Cos you can't keep a good girl down
Keep a good girl down
