

Play with Fire

Girlschool

Oh yeah

Runnin' round, running wild
That's a dangerous game
Running up, deep inside
I've been through to the way

Can't close down now
You know why?

If you play with fire
You gonna get burnt
If you play with fire
You gonna get burnt, burnt, burnt

If the heat, in the night
I'll do light you fire
Coming out, it's alright
You know the reasons why

Can't close down now
You know why?

If you play with fire
You gonna get burnt
If you play with fire
You gonna get burnt, burnt, burnt

Excites at night
You got to excite, we gonna ignite

If you play with fire
You gonna get burnt
If you play with fire
You gonna get burnt, burnt, burnt
