

# The Hunter

Girlschool

He is tracking her down  
With a drink, and a smile  
Movin' up closer  
Her masculine drive

But something doesn't feel right  
The touch in her skin  
She wonders if it's alright  
And how this begins

The hunter, the hunter  
The hunter, the hunter

She is thinking 'bout connection  
And where it's gonna lead

The choke or reaction  
But feelings make it real

But something doesn't feel right  
The touch in her skin  
She wonders if it is alright  
And how, how this begins

The hunter, the hunter  
The hunter, the hunter  
The hunter, the hunter  
The hunter, the hunter ...
