

Turn It Up

Girlschool

1, 2, 3, 4, turn it up and boom boom boom

They never taught me about these things in school
I found my own way made up all my rules
Don't need any teachers you all know what to do
So make your mind up you know what's good for you

1, 2, 3, 4, turn it up and boom boom boom

1, 2, 3, 4, turn it up and boom boom boom

1, 2, 3, 4, just turn it up

1, 2, 3, 4, you can get it your own

I want a fast car take me for a ride
Don't need love songs to feel good inside
Just wanna party for the demolition boys
All night long breakin' rules
All we need is fun
