

You Got Me (Under Your Spell)

Girlschool

I'm begging for your touch
You know I like it so much
It's the dangerous sign
And get you out of my mind

I'm into misfit hey
You know I like it that way
Come on scandalize
You got me hypnotized

You got my temperature rising
I can't believe what I'm feeling
I know that you I can't resist
Ooh, can't you see

You got me you got me
I'm going out of my mind
Can't you see you got me
I'll make you mine oh mine

You got me under your spell
So better just can't tell
I'm falling head over heels
It's just the way that I feel

You keep me watching and waiting
To be here anticipating
Oh no, it's you I can't resist
Ooh, can't you see

You got me you got me
I'm going out of my mind
Can't you see you got me
I'll make you mine oh mine

You got my temperature rising
I can't believe what I'm feeling
I know that you I can't resist
Ooh, can't you see

You got me you got me
I'm going out of my mind
Can't you see you got me
I'll make you mine oh mine
