

# American Man

Giuni Russo

American man american man  
You make it easy  
You drive me crazy

I look at you baby I just don't understand  
The feeling you give me is just so what I am  
American man american man  
You make it easy  
You drive me crazy

Brake it take it  
How you please me  
He's my man  
Break it take it free and easy  
He's my man

Take it take it  
How you tease me  
He's my man  
Making me all that easy  
He's my man
