

# BLEEDING

Giveon

Told you before  
But it's twice as hard to let you know  
Yeah, I held you close  
Now I'm feeling way too vulnerable  
He loves you sometimes, he was conflicted  
I can see it in your eyes, how you're still attached  
His apologies will never last, I'll bet on that  
Now I'm damaged all because I'm

Stepping over pieces, broken heart's on the floor  
Cut my skin trying to make you whole again

So I'm bleeding for your love  
Bleeding for you, love  
I'm bleeding for you, love, yes, I am  
Yes, I'm bleeding for your love  
I'm bleeding for you, love  
I'm bleeding for you, love, yes, I am

If you hate him, why'd you keep the ring?  
Tell me, what am I supposed to think?  
You throwing stones only bring him fame  
Do the feeling still remain, my love?  
I understand how to put you back together  
Truth is it's temporary, that don't make it better  
Hear me shatter from a mile away

Stepping over pieces, broken heart's on the floor  
Cut my skin trying to make you whole again

So I'm bleeding for your love  
Bleeding for you, love  
I'm bleeding for you, love, yes, I am  
Yes, I'm bleeding for your love  
I'm bleeding for you, love  
I'm bleeding for you, love, yes, I am
