Fields

Giveon

Where are you?
Will your dreams come true?
You're a fool
Aimless pursuit
Look at you
In a field of doom
You will lose
You've been warned now

Be safe, don't do that
These fields are gonna swallow you
Be safe, don't do that
These fields are gon' devour you

Be safe, don't do that
These fields are gonna swallow you
Be safe, don't do that
These fields are gon' devour you

I'm walking the fields
I'm walking the fields, yeah
I'm walking the fields
Be safe, don't do that
These fields are gon' devour you

This ain't meant for you
This what they tell me
Even if that's true
This is my journey
This is my journey
I won't take a knee
This is not for you
This is for me

Breathe in, Breathe out
These fields, they won't devour me
Breathe in, breathe out, these fields are gon' empower me
Breathe

Breathe in, Breathe out
These fields, they won't devour me
Breathe in, breathe out, these fields are gon' empower me
Breathe

I'm walking the fields
I'm walking the fields, yeah
I'm walking the fields
Be safe, don't do that
These fields are gon' devour you

These fields are gon' devour you
These fields are gon' devour you
