

## Last Time

Giveon

Mmm, mmm-mmm

Come over, I know I shouldn't, know you shouldn't  
Should I come over? No

Back into your arms again and you say it's gettin' old  
Sayin' that I love you just so you don't let me go  
It ain't right but I'ma stay tonight because you told me so (I told you so)  
Everytime we try it's back and forth (Hmm, hmm)

It's like that, I swear I don't like that  
I want you just like that (Yeah, yeah)  
Don't fight back  
Hmm, hmm, baby don't get like that  
I swear I just might be gone, gone by tonight

Just this last time  
Don't make me regret it, I don't wanna say it  
Let's not overthink it, baby  
Just this last time (Time)  
Don't make me regret it, I don't wanna say it  
Let's not overthink it, baby

Come over (Come over)  
I know I shouldn't, know you shouldn't (Oh yeah)  
Come over (Yeah, yeah)

Here we go (Go), back into your arms again  
I know it's gettin' serial  
Sayin' that you love me just so I don't let you go  
Either way I'ma let you stay tonight, I told you so (I told you, baby)  
Everytime we try it's back and forth (Hmm, hmm)

Hmm, hmm, it's like that, I swear I don't like that (Don't like that)  
I want you just like that (Just like that)  
Don't fight back  
Hmm, hmm, baby don't get like that (Woah oh)  
I swear I just might be gone, gone by tonight

Just this last time (Just this last time)  
Don't make me regret it, I don't wanna say it  
Let's not overthink it, baby  
Just this last time (Just this, just this)  
Don't make me regret it, I don't wanna say it  
Let's not overthink it, baby

Come over  
I know I shouldn't, know you shouldn't (Come over)  
Come over

Hmm, hmm, hmm, hmm, hmm  
Come over to me  
No, oh woah, oh woah  
Oh, oh, oh, yeah  
Just this last time
