

# Lost Me

Giveon

Was it all my fault?  
Maybe one day I'll grow  
I'm not fixing what broke us  
Instead, I'm in this ride and I barely know her  
But she already know what it is  
Oh, oh, oh, oh

I'm not lookin' for the one  
Later, but for now I'm havin' fun  
I'm done 'cause I always get hurt  
Won't be here for long  
Baby, you can hate me if you want  
But now I gotta put myself first

We can kiss, we can touch  
And do it often  
But if you're here lookin' for love  
That's when you've lost me  
Hey yeah  
We can kiss, we can touch  
And do it often  
But if you're here lookin' for love  
That's when you've lost me  
Hey yeah

(Lost me)  
(Lost me)  
(Lost me)

Nights spent all alone (Hate it)  
Won't be here for long (Face it)  
Put your number in my phone but don't save it  
(Please don't, please don't fall for me)  
Visit once or twice and then you made assumptions  
Thinkin' it was more  
Now you're understanding that it all meant nothing to me, yeah

I'm not lookin' for the one  
Later, but for now I'm havin' fun  
I'm done 'cause I always get hurt  
Won't be here for long  
Baby, you can hate me if you want  
But now I gotta put myself first

We can kiss, we can touch  
And do it often  
But if you're here lookin' for love  
That's when you've lost me  
Hey yeah

(Lost me)  
(Lost me)  
(Lost me)

It wasn't all my fault  
Just thought I'd let you know  
Something's gotten into me

Ever since you let me go
