# THIS AIN'T LOVE

**Giveon**

Don't you say you love, love, love me
Just to make it even (Oh)
Know it's hard to tru- tru- trust me
And that's another reason this ain't love
Love

Understand my grind (Grind), ain't that what you want? (Want)
Put it on her plate (Plate) like it's a restaurant (Ooh)
Know you ain't the same (No) in that Saint Laurent (Hey)
Help you take it off (Off), can't get too involved ('Volved)

This ain't love (Love)
Love, love

Don't you say you love, love, love me
Just to make it even (Oh)
Know it's hard to tru- tru- trust me
And that's another reason this ain't love
Love

If we feel the same, it ain't nothing wrong
You don't need the pain, let's just keep it fun
Yeah, I might just pay the tab, Gucci up the bag
Please don't get attached, if you text me then I hit you back

This ain't love (Love)
This ain't love, this ain't love, no

Don't you say you love, love, love me
Just to make it even (Oh)
Know it's hard to tru- tru- trust me
And that's another reason this ain't love
Love (Love, love, ooh)

Don't you say you love, love, love me
Just to make it even
Know it's hard to tru- tru- trust me
Just another reason this ain't love
Love

You know what I mean?
Alright, so check this out
I don't know what the fuck- Hahaha
I'm sayin', you know what I mean
I mean I wasn't textin'
Oh, what we talked about earlier? Today?
Or somethin' else?
Niggas be soft, like you think it's it
Like you, you, you like, oh, this is it
And then the timing's off
We was both range promoters, I was-
I was ready
But, I mean, I plan on proposin' our next anniversary
