

WORLD WE CREATED

Giveon

Feelin' comfortable, right here where you are
Sun all on your skin and I'm watchin' it
Light up, every part of me, every part of me
We've been hidin' (Hidin')
Layin' by your side as you wakin' up
Losin' track of time, as our feelings touched
We fall deep into the bed, we become the threads
Intertwinin'

I just wanna stay in the world we created
I just wanna sink in the plans that we makin'
When I leave I'm not lookin' for a replacement for what I got
I need you to trust and believe when I say this
Ain't nothing or nobody that's ever gonna break us
Not lookin' for situations I ain't forgot

Tell me why you always overthinkin'
Not like me to switch up like the seasons
No, I haven't had a change of feelings
You stay in the back of my mind
Everything I do is for tomorrow
Runnin', but I'll never let your hand go
No more second guessin' 'cause we're so close
Even on the hardest nights

I just wanna stay in the world we created (We created)
I just wanna sink in the plans that we makin' (We makin')
When I leave I'm not lookin' for a replacement for what I got
I need you to trust and believe when I say this
Ain't nothing or nobody that's ever gonna break us
Not lookin' for situations I ain't forgot

I just wanna stay in the world we created (We created)
I just wanna sink in the plans that we makin' (We makin')
When I leave I'm not lookin' for a replacement for what I got
I need you to trust and believe when I say this
Ain't nothing or nobody that's ever gonna break us
Not lookin' for situations I ain't forgot
