

Feeling Alone

Gjon's Tears

This emptiness I feel
Pushes me down
This pain is real
My hope touches the ground

My broken soul
Dark as a coal
My fate is drawn
Can you tell me who I am?

Surrounded by people
But feeling alone
Hidden in the shadows
No goal to follow, follow
Alone in the crowd, alone in my mind
I know I'm alone but I don't know why
Surrounded by people
But feeling alone

This emptiness I feel
Pushes me down
My lonely heart
Find no one else around

My broken soul
Dark as a coal
My fate is drawn
Can you tell me who I am?

Surrounded by people
But feeling alone
Hidden in the shadows
No goal to follow, follow
Alone in the crowd, alone in my mind
I know I'm alone but I don't know why
Surrounded by people
But feeling alone

Surrounded by people
But feeling alone

Surrounded by people
But feeling alone
Hidden in the shadows
No goal to follow, follow
Alone in the crowd, alone in my mind
I know I'm alone but I don't know why
Surrounded by people
But feeling alone

Surrounded by people
But feeling alone
Surrounded by people
But feeling alone
