

## 80 Miles

Glades

It's only 9 o'clock, I'm not feeling sleepy yet  
Do you wanna get some fast food? Well, I'm up at the drive-thru  
Just to pass the time, just to pass the time  
Alright, alright

Baby, what's the plan?  
There's so much time to lose, to lose  
We could cruise 'til light  
Just tell me what's the move, the move

You down for moonlight skies, let's just drive tonight  
'Cause I know you're gonna pace the 80 miles  
With you and I  
Alright, alright, hey, yeah

It's getting close to midnight, don't wanna call it yet  
I can feel you wanna say it, so go out and say it  
'Cause I feel the same, yeah, I feel the same  
Alright, alright

Baby, what's the plan?  
There's so much time to lose, to lose  
We could cruise 'til light  
Just tell me what's the move, the move

You down for moonlight skies, let's just drive tonight  
'Cause I know you're gonna pace the 80 miles  
With you and I  
Alright, alright, hey, yeah

Baby, what's the plan?  
There's so much time to lose, to lose  
We could cruise 'til light  
Just tell me what's the move, the move

You down for moonlight skies, let's just drive tonight  
'Cause I know you're gonna pace the 80 miles  
With you and I  
Alright, alright, hey, yeah
