

## Crush

Glades

Did I say too much?  
I don't wanna be your crush  
It's a no from me  
It's a no on us

I'm dancing around my apartment  
Couldn't come down if I tried  
I got room for one on my carpet  
And that's just the way that I like

Ok, so maybe I'm guilty  
But I didn't mean it  
I was just being friendly  
Don't make me repeat it  
But I don't need to say I'm sorry  
There just ain't no feelings

Did I say too much?  
I don't wanna be your crush  
It's a no from me  
It's a no on us  
It's not personal  
Hope that you meet someone  
But that won't be me  
I won't be your crush

I'm dancing around all your questions  
You couldn't catch me if you tried  
This isn't love, it's obsession  
And you're not gonna change my mind

Ok, so maybe I'm guilty  
But I didn't mean it  
I was just being friendly  
Don't make me repeat it  
But I don't need to say I'm sorry  
There just ain't no feelings

Did I say too much?  
I don't wanna be your crush  
It's a no from me  
It's a no on us  
It's not personal  
Hope that you meet someone  
But that won't be me  
I won't be your crush

You've been, you've been told  
You can't get what you wanted  
I think you should go

Don't don't get too close  
You can't get what you wanted  
I think you should go

Did I say too much?  
I don't wanna be your crush

It's a no from me  
It's a no on us  
It's not personal  
Hope that you meet someone  
But that won't be me  
I won't be your crush
