## Glades

Let's talk it out cause it's overdue  
We don't out like we used to  
These conversations are nothing new  
It's complicated ain't that the truth

You said you're feeling static  
Running outta tragic  
Hit me like a sucker punch

We were automatic  
Shifted into tragic  
You and me left into dust

So if you loved somebody  
Why'd you give it up?  
When you loved somebody  
Was it not enough?  
I miss that look in your eyes  
And calling you mine  
Yo were there, you were gone in a flash

Oh, if you loved somebody  
Why'd you give it up?  
When you loved somebody  
Was it not enough?  
I miss that look in your eyes  
And calling you mine  
Yo were there, you were gone in a flash

I'm in the dark, on a getaway  
I still hope it's a holiday  
Across the line, driving interstate  
Knowing I won't ever see your face

So if you loved somebody  
Why'd you give it up?  
When you loved somebody  
Was it not enough?  
I miss that look in your eyes  
And calling you mine  
Yo were there, you were gone in a flash

Oh, if you loved somebody  
Why'd you give it up?  
When you loved somebody  
Was it not enough?  
I miss that look in your eyes  
And calling you mine  
Yo were there, you were gone in a flash

So if you loved somebody  
Why'd you give it up?  
When you loved somebody  
Was it not enough?  
I miss that look in your eyes  
And calling you mine  
Yo were there, you were gone in a flash

Oh, if you loved somebody  
Why'd you give it up?  
When you loved somebody  
Was it not enough?  
I miss that look in your eyes  
And calling you mine  
Yo were there, you were gone in a flash
