

## The 26th

Glades

Last Christmas eve you had my name on your lips  
We'd end the night wrapped in a cranberry kiss  
I thought we'd never say goodbye but you did  
Turns out my heartbreak was the coldest of gifts

And now I'm hanging the lights alone  
Oh it's just gonna be me  
And that's okay I suppose  
Thought we'd be under the mistletoe  
You'd wrap me up like you do  
Who gets to do that with you now?

Jingle bells, jingle bells ringing in my brain  
I know the sounds, all too well, echoing the same  
Ain't no fun when you're alone for the 25th  
Jingle bells, jingle bells, get my to the 26th

Get my to the 26th

I told my mum to burn the pictures of us  
'Cause she still loves you just a little too much  
It's gonna take some time to get over you  
I hope this time next year I'll know what to do

And now I'm hanging the lights alone  
Oh it's just gonna be me  
And that's okay I suppose  
Thought we'd be under the mistletoe  
You'd wrap me up like you do  
Who gets to do that with you now?

Jingle bells, jingle bells ringing in my brain  
I know the sounds, all too well, echoing the same  
Ain't no fun when you're alone for the 25th  
Jingle bells, jingle bells, get my to the 26th

Get my to the 26th

Get my to the 26th
