

Keep the face

Gladiator

To be is more than to live
Life is short and you
be more than live
all fanatic slaves
You ain't like then
keep on, keep on, keep the face

Keep the face
Be still yourself
Don't stop, don't stop breath
what all you yet can be
speeder, speeder, speeder

Keep away of the role
was born senseless
No one knows what for
by my praying jump out
I feel black crowes
Keener, keener, keener
