

All the pearls of you have gone away
Only children's heart and God's face
I must ask you why I sing this
My heart is sounding deepest pain
My pearl, my pearl world

Once dying day will turn to a better day
Man will bury only tear
And now it's time for reasons
The world has God in all of us
My pearl, my pearl world

Earth's calling for your hands
Give her a reason to live
Earth's calling for your hands
Give your self a reason to live
Earth's calling for your hands
Give her a pleasure to live
Earth's calling for your hands
Make a pearl

Once dying day will turn to a better day
My pearl, my pearl world
Earth calls for your hands
Give a reason to her hands

Earth's calling for your hands
Give her a reason to live
Earth's calling for your hands
Give your self a reason to live
Earth's calling for your hands
Give her a pleasure to live
Earth's calling for your hands
Give her a reason to live
Earth's calling for your hands
Give your self a reason to live
Earth's calling for your hands
Make a pearl
