

Sweat fruit

Gladiator

Suck my taste
Hit my pain
Flood my body by your sweat
You know it takes my breath
so make me slight
so make
Turn with me
Leap on me
I love it the choice's piquanter
You're eternal hell who I burn up, fill me

Don't let my fruit
take it through
right way the crude
I wanna squirt

Don't let my fruit
my body to cool
I wanna squirt
easily to flood
make my fruit
relax my memory

Drive my mind
Buy my cry
Stamp up kind some way, the other
Use the fantasies what I need this time, for this
through the pain
through delight
still deeper taste by every hour
suck by suck
and move by move with you
