

## Your world

### Gladiator

The dirty abuse your world  
you stay in the first crowd  
don't pretend you just hear me  
I know who you are  
do you remember hell  
when the scum was treading on me  
you did nothing for me  
but you were the right louse

I suffer this heart-ache without cry  
I suffer this world while dying

I repeat it to you  
Know! You are my hate.
