

Don't Turn Me Away

Gladys Knight

No no no
No no no
My world has fell apart 'cause you don't love me no more
How can I face life, when you're all I'm living for

Baby don't turn me away
Please hear what I say
'Cause I love you, I love you

Filled with confusion, my tears have started to flow
My whole life depends on you, please don't tell me to go
I know I've got to find, some way to make you change your mind

Oh don't turn me away
Please hear what I say
'Cause I love you oh I love you

Interness is all around me, your love is slipping from the side
Your taking my life from me, leaving me the shadows of night
You know I love you so, please don't tell me to go

Oh don't turn me away
Please hear what I say
Baby don't turn me away
Baby please
Baby don't baby don't, baby please baby please, you know I love
you
