

1984

Glaive

She's in a red beret in a nice cafe
The Versace shades hide the tears on her face
1984 we had like everything we wanted and fucking more
There was so many avenues to fucking explore
And there's this one little detail that I can't ignore

I wasn't lying when I said that you meant everything to me
But I guess everything means nothing when you're lying through
your teeth
And all those nothings they meant everything when you were next
to me
And I ain't frontin that my new girl she'll do anything for me

And I ain't lying when I said that you meant everything to me
But I guess everything means nothing when you're lying through
your teeth
And all those nothings they meant everything when you were next
to me
And I ain't frontin' that my new girl she'll do anything for me

I'm asking myself "Why, why are you like this?"
I try and try and try and you don't mind it
You never seem to like all of the kindness
You never were one for all the crying

Fucked up in the head, I woke up in your bed
And I know that's a problem 'cause of all that you said
Like
I'm a prick, I'm a dick
He didn't ever give a shit
I'm an asshole, telling it
My life is a fucking trip

We're both crazy
But one of us is good at hiding it
But for right now I ain't fucking hiding shit
And I fell in love with the finer things
The food, wine and drink

I still wasn't lying when I said that you meant everything to me
But I guess everything means nothing when you're lying through
your teeth
And all those nothings they meant everything when you were next
to me
And I ain't frontin that my new girl she'll do anything for me
And I ain't lying when I said that you meant everything to me

But I guess everything means nothing when you're lying through
your teeth
And all those nothings they meant everything when you were next
to me
And I ain't frontin that my new girl she'll do anything for me
