

## all i do is try my best

Glaive

First year that I gotta pay my taxes  
When I heard the number, thought about killing myself  
Tried to buy wine but they didn't have it  
Mom and Dad know I miss you like hell  
Politics and all of this is kind of dumb  
But I find it kind of funny as well  
I'm too busy to be anything else  
I'm too busy to be anything else

And if it only happens once  
Then it shouldn't happen at all  
All I do is try my best and  
All I do is try my best  
So if I don't feel alive  
Am I really living at all?  
All I do is try my best and  
All I do is try my best

All I do is  
All I do is  
Try my best is  
Try my best is  
All I do is  
All I do is  
Try my best is  
Try my best is  
All I do is  
All I do is  
Try my best is  
Try my best is  
All I do is  
All I do is  
Try my best is  
Try my best is

It's all about over-indulgence in moderation  
So I get drunk not inebriated  
As I get older I realize  
Too much of anything makes you hate it  
Watch your words; they might make you famous  
I can't stand the complacency  
So I do everything myself  
I'm too busy to be anything else

And if it only happens once  
Then it shouldn't happen at all  
All I do is try my best and  
All I do is try my best  
So if I don't feel alive  
Am I really living at all?  
All I do is try my best and  
All I do is try my best

All I do is  
All I do is  
Try my best is  
Try my best is

All I do is  
All I do is  
Try my best is  
Try my best is  
All I do is  
All I do is  
Try my best is  
Try my best is

(All I do is)  
(Try my best is)  
(All I do is)  
(Try my best is)

All I do is  
All I do is  
Try my best is  
Try my best is
