

Croatia Freestyle

Glaive

And this bitch is from Croatia, but she look a little Asian
There's a tension in her manner, but it's not enough to say it
at first
I was fucked up, but not enough to display it
I noticed a foreign accent, but I'm struggling to place it now,
shush
She bought some wine I've never heard of
She impose a way to weigh it in her rep
She pours two glasses and predicts I'll probably hate it
I taste it, "It tastes like shit," she laughs and tells me that
I'm crazy
I laugh 'cause I lied, I just like fucking with her
