

For U

Glaive

(Three, two, one)

If I die right now, I'd die by your side
If you asked me to, I'd take my own life
For you, I don't mind, for you, I don't mind
For you, I don't mind, for you, I don't mind

(I, I have nothing left to, I have nothing left to)

Ayy, ayy, I have nothing left to lose
I'll do it for you, I-I'll do it for you, I-I'll do it for you
And I be seein' through your eyes, girl
I'll do it for you, I-I'll do it for you, I-I'll do it for you
I-I'll do it for you

Take a pill and crush it up
I just wanna be enough, I just wanna be enough for you
Take a pill and crush it up
I just wanna be enough, I just wanna be enough for you
If I die right now, take a pill and crush it up
I just wanna be enough, I just wanna be enough for you
For you, I don't mind, take a pill and crush it up
I just wanna be enough, I just wanna...

Ayy, ayy, I have nothing left to lose
I'll do it for you, I-I'll do it for you, I-I'll do it for you
And I be seein' through your eyes, girl
Do it for you, I-I'll do it for you, I-I'll do it for you
Ayy, ayy, I have nothing left to lose
I'll do it for you, I-I'll do it for you, I-I'll do it for you
And I be seein' through your eyes, girl
Do it for you, I-I'll do it for you, I-I'll do it for you
I-I'll do it for you

Stop, me too
I'm like, I need to enter my ovine hall era
