My bitch foreign, my parents hate her, Nigel Farage
If you want it, then, bitch, you got it, I'll make a call
Hit the function like Larry David, I'm cracking jokes
If you need it, then best believe it, I'll get it done
My bitch foreign, my parents hate her, Nigel Farage
If you want it, then, bitch, you got it, I'll make a call
Hit the function like Larry David, I'm cracking jokes
If you need it, then best believe it, I'll get it done (thr6xba

I was stuck in the past, now I'm balling at last
I was too scared to ask, now I listen and laugh, I do
All the rumors that you heard were true
There's just so much that you never knew
There's just so much that I had to prove
There's just so much that I have to do

(I was stuck in the past, now I'm stuck in the past)
(Now I'm too scared to ask, now I'm too scared to ask)
(Now I'm too scared to ask) All the rumors you heard were true
There's just so much that I had to prove
There's just so much that I have to do

My bitch foreign, my parents hate her, Nigel Farage
If you want it, then, bitch, you got it, I'll make a call
Hit the function like Larry David, I'm cracking jokes
If you need it, then best believe it, I'll get it done
