

(Slowsilver03)

(Read it and weep)

You made it out that you were leaving
So what, it got a little heated?
I wanna show you how I'm feeling
I never told you that you're

You're almost everything I'd ever want
But you're just not her, no, you're just not her
You're almost everything I'd ever want
But you're just not her, no, you're just not her
In all honesty, I'm just not sure (Oh)
I'm just not sure
But you're just not her
You're just not her

You think I'm lying to you, I wanna show you how (Just not-)
I really feel about you, I turn you in and out
Li-like when the party jumping, like when the music loud
I turn up any function, I-I turn up any crowd
I don't feel no pain, I don't feel no harm
Turn up the bass, it's in yo' face, I wanna feel it more
I want it bumping, want it thumping, wanna break your car
Don't wanna know you, I'll just show you how we really are

You're almost everything I'd ever want
But you're just not her, no, you're just not her
You're almost everything I'd ever want
But you're just not her, no, you're just not her
I'm just not sur-
In all honesty, I'm just not sure
But you're just not her

Want it, want it, want it, want it thumping
Want it thumping, want it thumping, want it thumping
Want it thumping, want it thumping, want it thumping
Want it thumping (Just not sure), want it thumping, want it thumping
Want it thumping, want it thumping, want it thumping
Want it thumping, want it thumping, want it thumping (Just not her)

You think I'm lying to you, I wanna show you how
I really feel about you, I turn you in and out
Li-like when the party jumping (Jumping), like when the music loud
I turn up any function, I-I turn up any crowd
I don't feel no pain, I don't feel no harm
Turn up the bass, it's in yo' face, I wanna feel it more
I want it bumping, want it thumping, wanna break your car
Don't wanna know you, I'll just show you how we really are
