

life Crazy

Glaive

I can't help but be scared a bit
Fuck me, I'm scared all the time
Recently, I've realized that death is not an opposite
Suppose it's just a part of life
I envy all of the little things (If we falter now, those lives
would've been lost in vain)
The dirt, the air, the Father's eyes

The way I live my life, yeah, it's crazy (slowsilver03)
The way I live my life, yeah, it's crazy
The way I live my life, yeah, it's crazy
The way I live my life, yeah, it's crazy
The way I live my life, yeah, it's crazy

The way I live my life, yeah, it's crazy, huh
The way I live my life, yeah, it pays me daily
But if the money didn't change me, then I don't think I'm chang
ing
Bro, I beat the case, champagne by the cases
They let us in the door and we moved in like it's vacant
It's crazy, baby
Mama raised a soldier, fuck I look like flaking?
She looks at me and smiles, says my laugh is contagious, what?

What do you mean by that?
Irish goodbye, hard to sleep like that
I hit bro, said, "I'll be right back"
But I won't, but I...

The way I live my l... yeah, it's crazy, huh
Yeah, the way I live my li... yeah
Yeah, the way I live my... huh

The way I live my life, yeah, it's crazy, huh (slowsilver03)
The way I live my life, yeah, it's crazy
The way I live my life, yeah, it's crazy
The way I live my life, yeah, it's crazy
The way I live my life, yeah, it's crazy

It really gets to me some nights that I have it all except for
time
It really gets to me some nights that I have it all except for.
