We put drums on that bitch, live and direct (I'm so ready for more tonight)

We know you bumpin' that shit, I know you boppin' your head
I want you up in my bed, all on my neck (I'm so ready for more tonight)

I want you down on your legs, sucking my shit

I wanna show you, you know, you know (I'm so ready for more tonight)

You know that we put drums on that bitch, yeah, live and direct
Know you bumpin' that shit, see you noddin' your head (I'm so ready for more tonight)

Want you up in my bed, huh, live in the flesh tonight

The mistakes I made some years are coming back

If it's any consolation, fucking hate that person, that's for certain (I'm so ready for more tonight)

If you fast, then it fast, ain't nobody's fuckin' perfect (I'm so ready for more tonight)

I been way outside with twin

We went Mary-Kate and Ashley, Mary-

Kate and Ashley (I'm so ready for more tonight)

I'll say what I'm thinking even if nobody ask me

I been way outside with twin, we put, we put, we put (I'm so ready for more tonight)

We put drums on that bitch, live and direct (I'm so ready for more tonight)

We know you bumpin' that shit, I know you boppin' your head
I want you up in my bed, all on my neck (I'm so ready for more tonight)

I want you down on your legs, sucking my shit

I wanna show you, you know, you know (I'm so ready for more tonight)

You know that we put drums on that bitch, yeah, live and direct
Know you bumpin' that shit, see you noddin' your head (I'm so ready for more tonight)

Want you up in my bed, huh, live in the flesh tonight

I'm so ready for more tonight (Read it and weep)
