

Pissed

Glaive

I'm so pissed, I'm so pissed, I'm so pissed
I don't know what it is, but I'm so pissed

I'm so pissed, I'm angry as fuck
I wanna kill myself, but you're calling my bluff
And your boyfriend wants to be just like us
I know you're tired of this shit, yeah, enough is enough
I'm so pissed, I'm angry as fuck
I wanna kill myself, but you're calling my bluff
And your boyfriend wants to be just like us
I know you're tired of this shit, yeah, enough is enough

And I'm so angry all the time
Got pins and needles in my spine
It's not that bad, I'm quite alright
Got two damn angels by my side
And I don't do much, I don't leave my house
But I don't even need to, my friends leave me out
And I don't need a girl, I don't need a spouse
And that boy wanted smoke, now there's blood in his mouth
And I've always said karma's a bitch
I walk in that function, I step in that bitch
And everyone talks so I'm talking my shit
And I'm done with the frontin', I guess this is it

I'm so pissed, I'm angry as fuck
I wanna kill myself, but you're calling my bluff
And your boyfriend wants to be just like us
I know you're tired of this shit, yeah, enough is enough
I'm so pissed, I'm angry as fuck
I wanna kill myself, but you're calling my bluff
And your boyfriend wants to be just like us
I know you're tired of this shit, yeah, enough is enough
