

Spending Money But It's Beautiful

Glaive

Spending money like it's...
Spend it all (Spend it all)
Spend it all
Spending money like it's nothing
Spending money like it's nothing, but it's beautiful

It's all quite picturesque
Every time my eyes close, I can picture it
The sun was born to set
How you mad at me for something that ain't happened yet?
The love is born again
Every time my eyes close, I just imagine it
I'm spending money like it's nothing, spending money like it's nothing
Ain't seen nothing yet

Ain't seen nothing, hate to sound a little Freudian
But I like girls that act just like my mother, ayy
Don't mean that in a funny way
Feel like Cersei Lannister, I fucking love my brother, ayy

Spending money like it's...
Spend it all, spend it all
Spending money like it's nothing, spending money like it's nothing
But it's beautiful

It's all quite picturesque
Every time my eyes close, I can picture it
The sun was born to set
How you mad at me for something that ain't happened yet?
The love is born again
Every time my eyes close, I just imagine it
I'm spending money like it's nothing, spending money like it's nothing
Ain't seen nothing yet

Pull the sword out of the stone, pull the sword out of the stone
You just gotta let me go
Pull the sword out of the stone, pull the sword out of the stone
You just gotta let me go, you just gotta let me...

Spend it all, spend it all
Spending money like it's nothing, spending money like it's nothing
But it's beautiful

It's all quite picturesque
Every time my eyes close, I can picture it
The sun was born to set
How you mad at me for something that ain't happened yet?
The love is born again
Every time my eyes close, I just imagine it
I'm spending money like it's nothing, spending money like it's nothing
Ain't seen nothing yet
