

I've been fighting with myself way too long  
Need a Quitter like it's Quidditch with the golden balls  
And none of my best friends don't care at all  
And now my words gon' fall, like the Berlin Wall  
And I said what I said, they don't know what I mean  
And I've been losin' friends and gaining enemies  
And now they swearing that they know what's best for me  
They don't know what I need, I need, I need

Freedom and ecstasy  
I need a picture of you when you were next to me  
I need an XO that ain't dead to me  
I need you both dead, you and Stephany  
Freedom and ecstasy  
I need a picture of you when you were next to me  
I need an XO that ain't dead to me  
I need you both dead, you and Stephany

I wanna leave it behind, I wanna watch the whole world burn  
Bein' friends with the devil has it's perks  
I wanna tear at my skin 'til it fuckin' hurts  
I wanna make them learn, I wanna, I wanna

Drown myself in these mountains, alcohol  
I need to know why I'm happy alone  
I need to know, you kicked me while I'm low  
And I need to know why I need

Freedom and ecstasy  
I need a picture of you when you were next to me  
I need an XO that ain't dead to me  
I need you both dead, you and Stephany  
Freedom and ecstasy  
I need a picture of you when you were next to me  
I need an XO that ain't dead to me  
I need you both dead, you and Stephany
